CSwithMIK

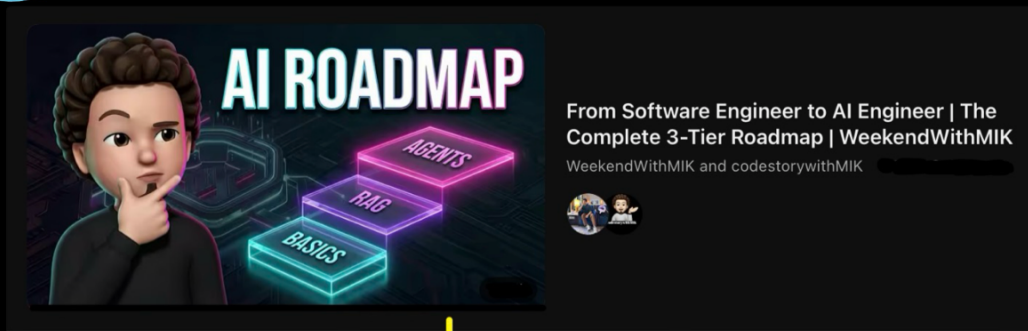

codestorywithMIK

Before we Start

Few Important Points Before we begin...

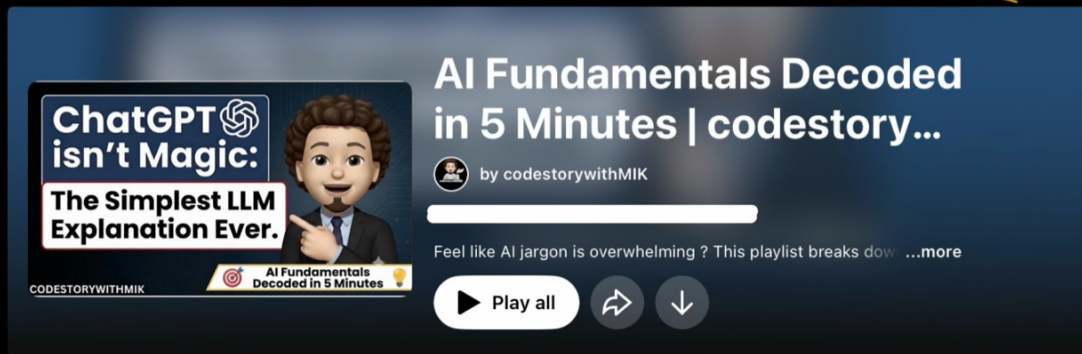

①

→ Pre-requisites

②

AI Fundamentals

③ MIK's style of teaching.

RAW, Beginner Friendly

It's always
Reason Behind Everything

④ शपथ (Oath) श्रद्धा

: मैं AI की शपथ लीता हूँ
कि मैं जो पढ़ाउगा वो सही
अच्छे से पढ़ाउगा।

It's time
for Practicals
&
Real work...

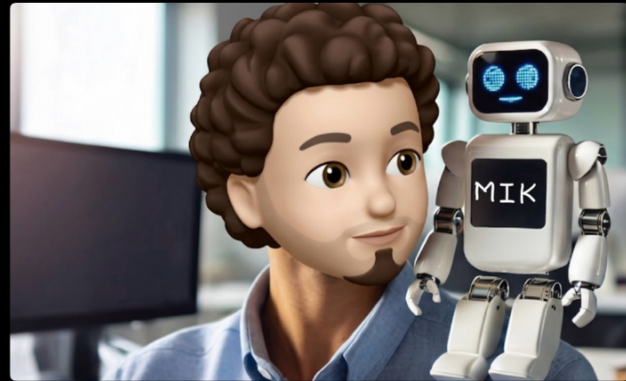

What are we going to learn

???

(Rough plan - more contents)

AI Assistants

- what? ✓
- How? ✓

- ✓ Set up
- ✓ Practical
- ✓ Conclusion

Basic Assistant

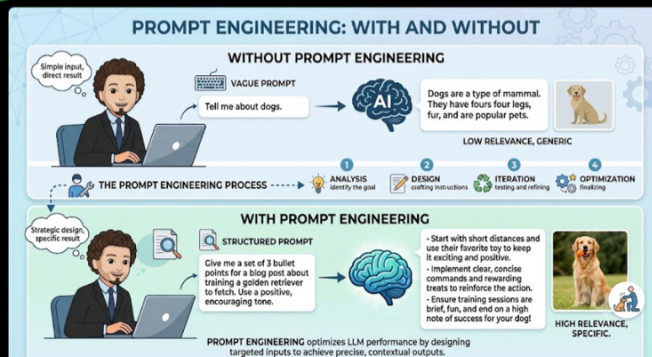

Improve Step By Step

Harness Engineering | Beyond Prompt Engineering | WeekendWithMIK
WeekendWithMIK and codestorywithMIK

Prompt Engineering

- what & why?
- Improving Response of Assistant

Tool Calling

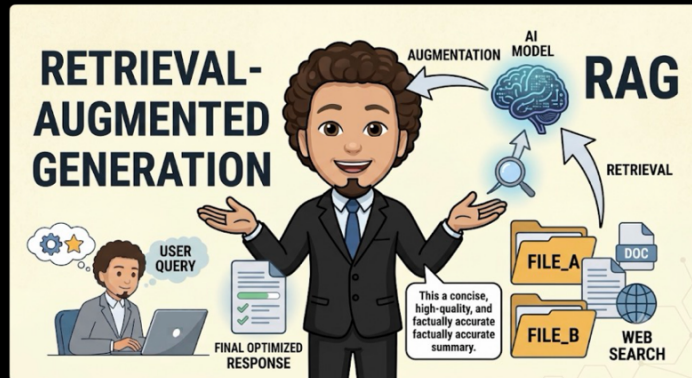

- What & why?
- Build Tool
- Assistant + tool
- Document Ingestion Tool

★ RAG

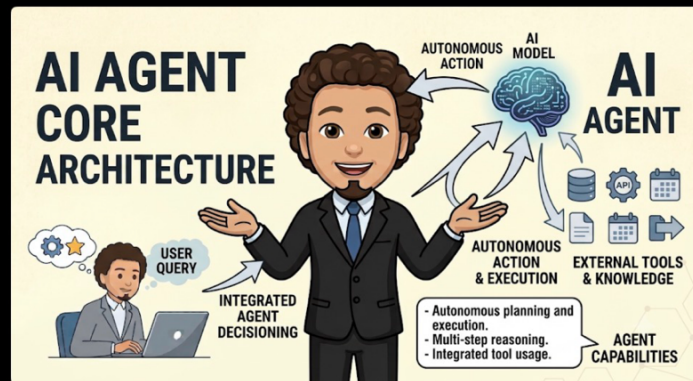

(Deep Dive)

- what & why?
- Knowledge Base
- Build

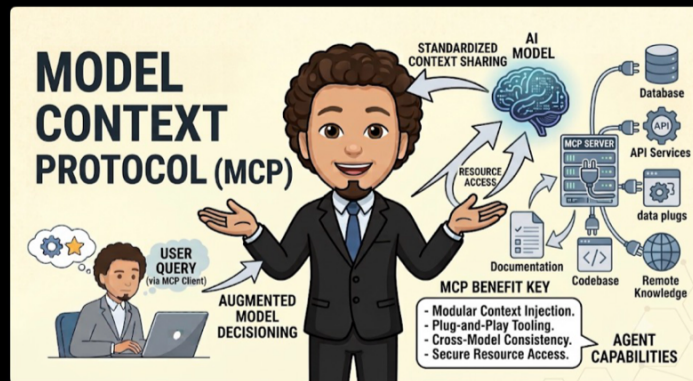

AI Agents ?

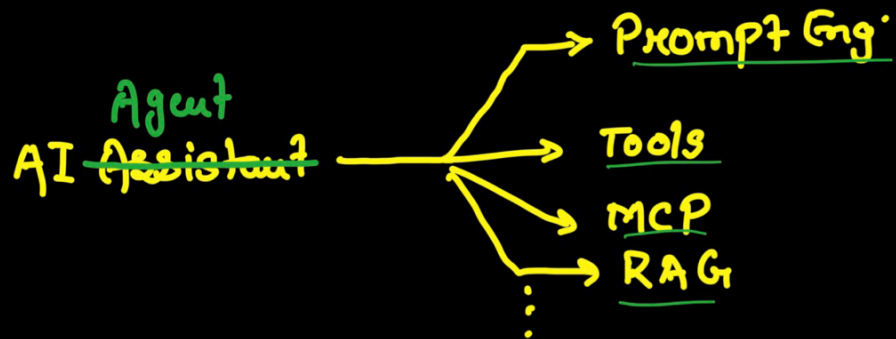

- what ?
- Build

★ MCP (Deep Dive)

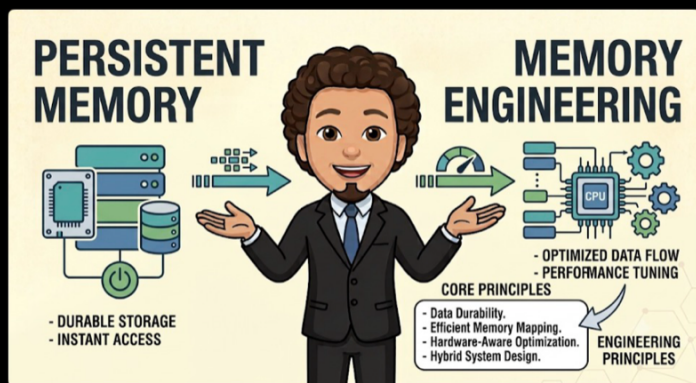

- what & why ?
- Architecture
- Build
- AI Agent + MCP

Memory

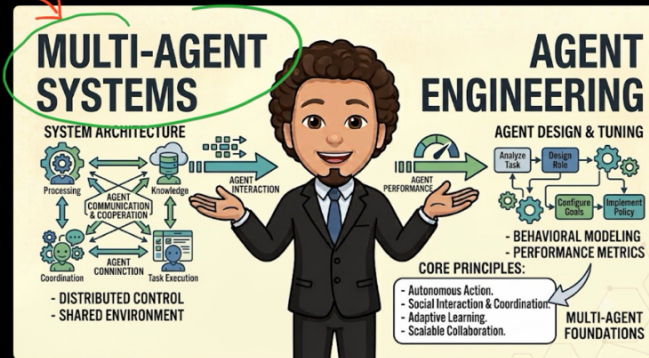

- Memory Engineering
- Persistent Memory
???
- Build

AI Agent + Persistent Memory

MAS

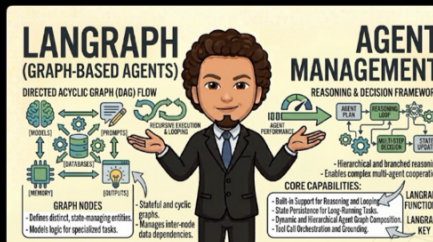

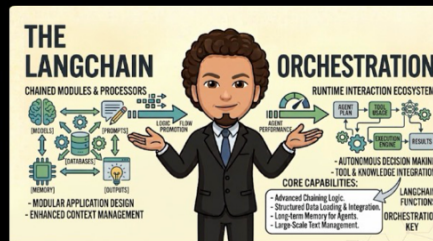

- What & Why?
- Orchestrator
- Parallelism
- Build

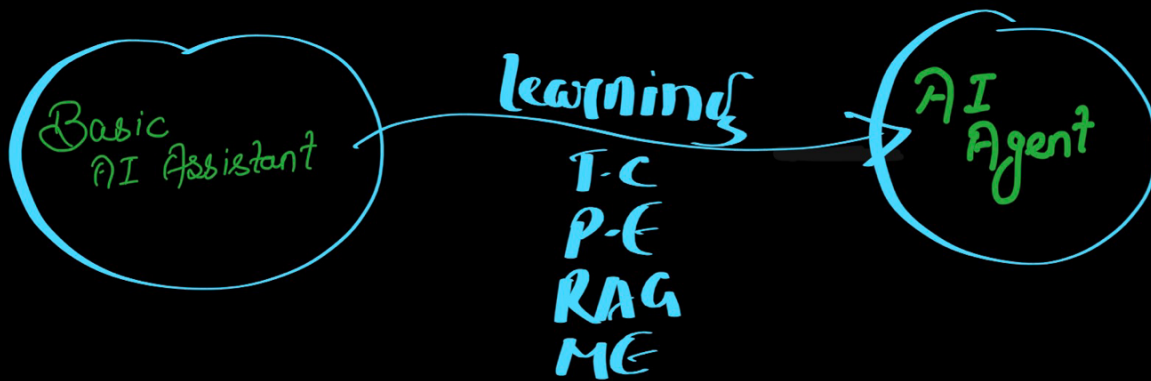

CrewAI: Open-source Python framework for building multi-agent AI systems...

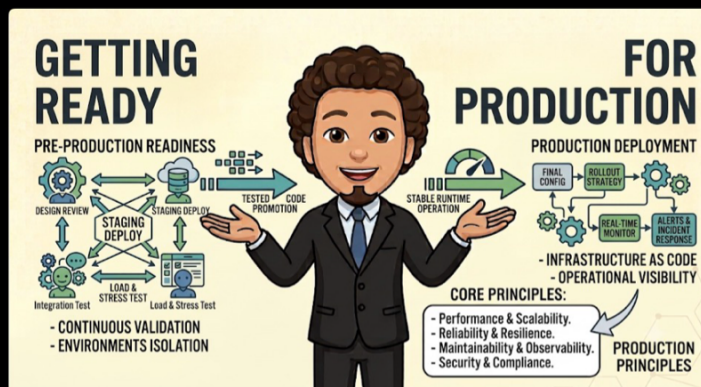

LangChain / LangGraph

- What? ✓
- Why? ✓
- Build ✓

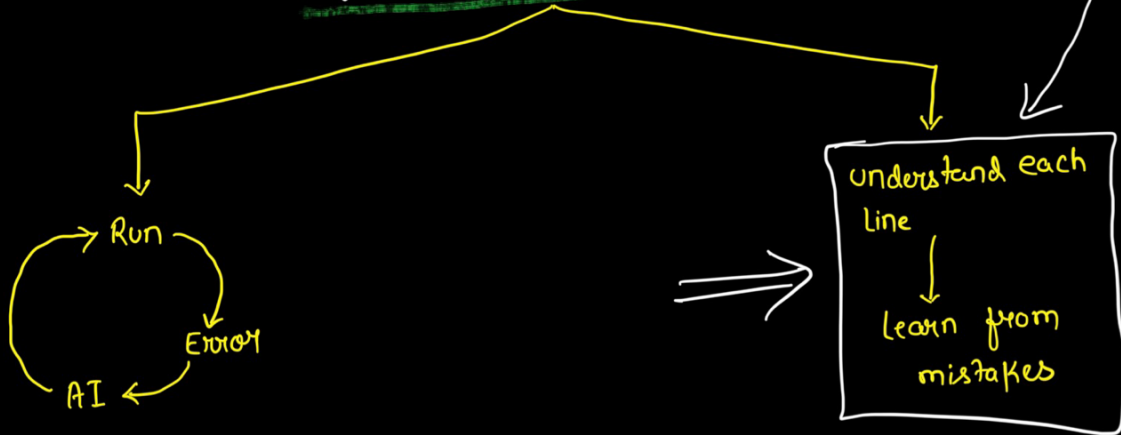

PRODUCTION

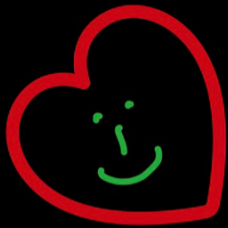

AI can write code

See you in the next video...

ee Thank you so much for coming
& watching my video"

Regards,
MIK ...
